

Title: Dean's Honor Roll	Policy No. 6.8
Category: Registration/Records	Effective: Fall 2004 Effective with revisions Fall 2005

Policy Statement: Undergraduate students who successfully complete 12 or more semester hours of regularly graded (A, B, C) residence credit during a fall or spring semester are eligible to have their names listed on the Dean's Honor Roll provided they have a grade point average of 3.5 or better for the semester or term and have no grade below "B." Correspondence credit will not be calculated in this determination. The student's semester record must have not marks of "I", "F", or "U."

Graduating seniors enrolled in graduate credit must also successfully complete at least 12 hours of undergraduate credit consistent with the requirements above to be considered for undergraduate honors.

Background: Prior to this policy UCO awarded the Dean's Honor Roll for fall, spring, and summer. Most schools do not award honors during the summer, reserving that distinction for fall and spring only. Grades of "S" and "P" are not computed in the student's semester grade point average and will not be considered toward the number of hours required for honor roll consideration. This policy eliminates honor rolls for the summer.

Purpose: Recognize outstanding student performance.

Implementation Date: Fall 2005

Related Procedures: A notation regarding the honor roll achievement will appear on the student's transcript. An announcement listing those students making the honor roll may also be sent to area newspapers by University Relations.
